

MELAWOOD  
SUPATEXTURE

It's the  
MelaWood<sup>®</sup>  
SupaTexture<sup>™</sup>  
Guide.

*Design, manufacture, craft and care*

PG Bison produces SupaWood® SupaTexture™ in accordance with:

**SANS 50312 : 2015**  
**(EN 312 : 2010) (P2)**  
 for BisonBord® substrate; and  
**EN 14322 : 2017** (Table 1)

## Applications

interior

vertical

door and  
drawer  
frontals

furniture

## Deep structure melamine faced board

Any room that feels a bit flat could always do with two design elements to lift it: **colour and texture.** MelaWood® SupaTexture™ brings both in abundance.

MelaWood® SupaTexture™ has a top face of melamine-impregnated décor paper in a deep structure finish, while its reverse side is in a matching décor in PEEN finish. These are bonded to a quality BisonBord® core for durability and strength.

### MelaWood® SupaTexture™ looks as good as it feels.

The introduction of MelaWood® SupaTexture™ into a space's design will elevate it to enviable levels. Its texture combined with its range of rich designs enhances its authenticity and brings a dynamic sense of movement to a room.

MelaWood® SupaTexture™ is particularly appealing when partnered with a solid colour from its fellow MelaWood® range members like MelaWood® SupaMatt™ and MelaWood® SupaGloss™. This contrast allows you to create even more movement in the space as light bounces from one surface to another.

MelaWood® SupaTexture™ is locally manufactured by PG Bison, so it's readily available with technical back-up a call away.

**For that authentic feel, choose PG Bison's MelaWood® SupaTexture™.**

**MelaWood® SupaTexture™**

MelaWood® SupaTexture™ sold in pack sizes only

Thickness	Pack size	Sheet sizes and tonnage
16mm	20	1.31 tons
